

# Mauve - Pre Wash Snow Foam

Mauve Pre Wash Snow Foam Has a high cleaning power due to the alkaline compounds that easily penetrates traffic film.

**Areas of use: Safe for all exterior surfaces**

Recommendations for use:

Shake before using.

Pour approx. 100-200 ml (maintenance wash) or 300-400 ml (for very dirty cars) of „Mauve” in the foaming lance and fill with water.

Apply the solution to the vehicle (the vehicle can be rinsed with water beforehand). Allow to dwell for 3-5 minutes.

Rinse off thoroughly with a pressure washer.

**Container: 1Kg**
